# Activities

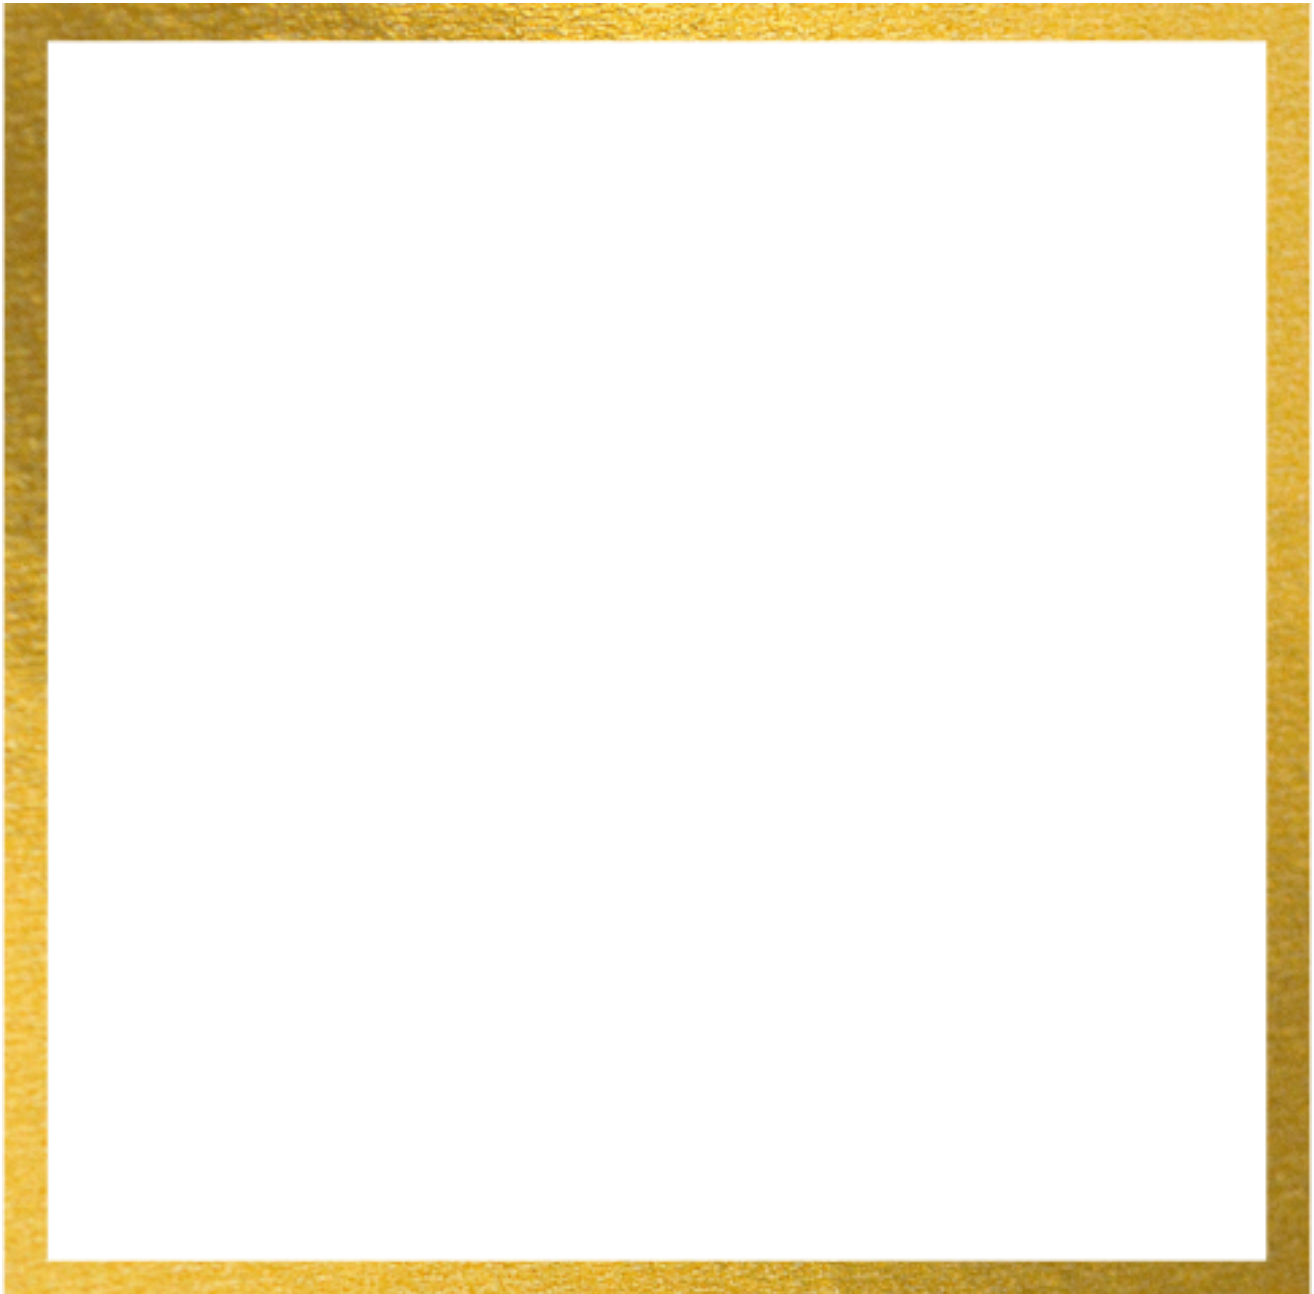

---

**What can you see from your window? Draw a picture.**

# Activities

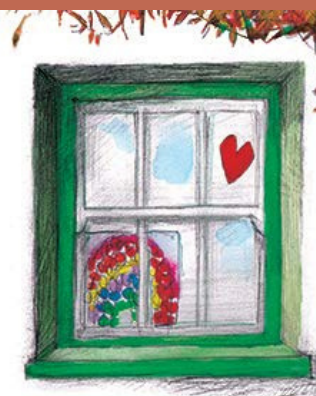

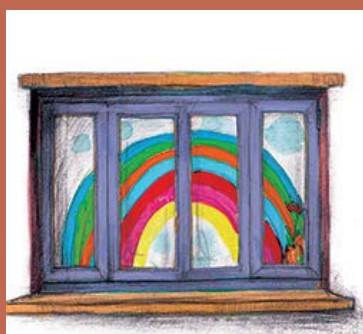

**Windows come in many shapes and sizes. Some appear in this book. Draw other windows that you notice near your home.**

# Activities

Windows are for looking out from, or for looking in to.

In the book we see a row of windows from the outside.

In different windows everywhere,

I see rainbows, hearts, and teddy bears.

# Activities

---

**Can you draw what you can see inside each of these windows?**

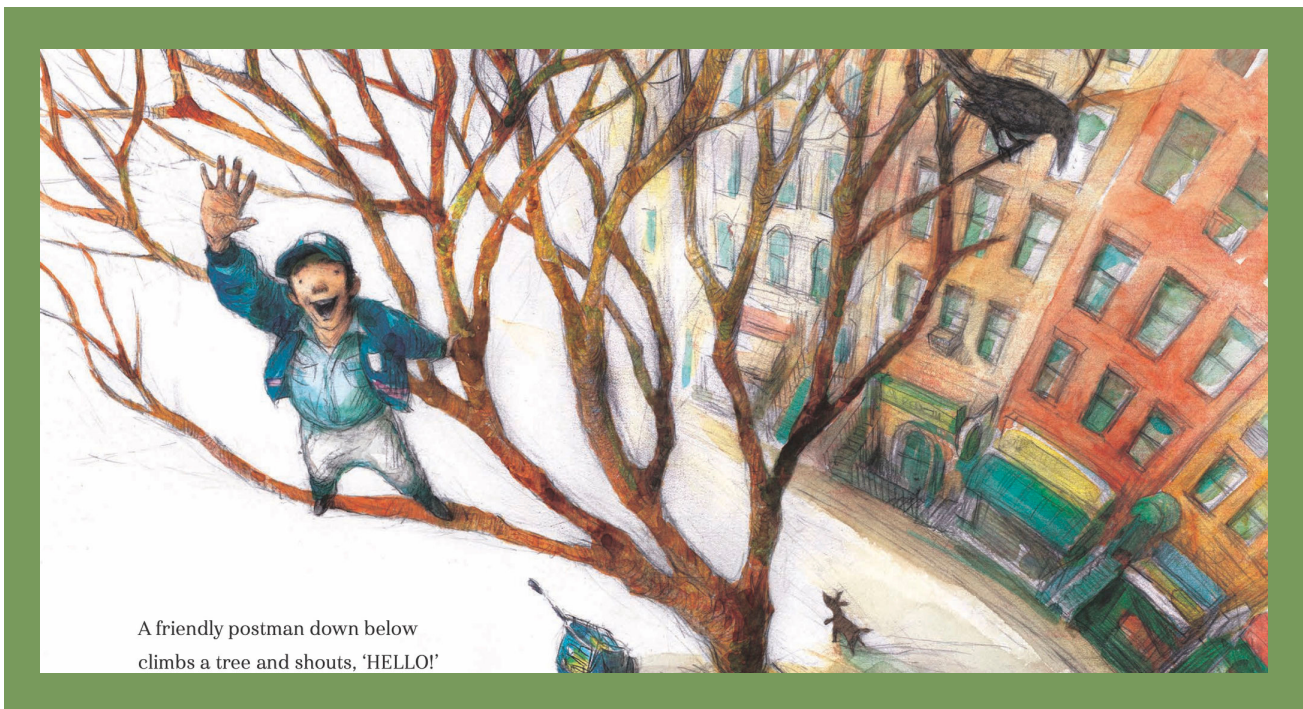

**We can see a rainbow and a teddy bear!**

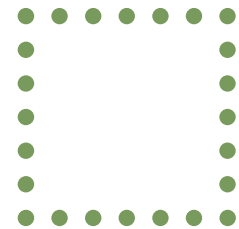

# Activities

---

**There are many pets in this book.  
Watch the story again and see how many you  
can find!**

How many pets can  
you find in the book?

How many birds can  
you find?

# A special thank you...

***Thank you to Patrick Guest and Jonathan Bentley  
for their wonderful book 'Windows'.***

***Activities were developed using the following website -  
<https://www.patrickguest.com.au/books/>  
where you will find many more great  
activities based on the book.***
